NEW RELEASE

From our Provincial BSO Knowledge to Practice CoP

The BSO Knowledge to Practice Community of Practice (CoP) is pleased to announce the release of the [Personality Disorder in Older Adults Capacity Building Package!](#)

The *Personality Disorder in Older Adults Capacity Building Package* provides educators, behavioural support champions and/or leaders with grab-and-go, evidenced informed educational resources. The goal is to build capacity within clinical teams to skillfully and confidently care for individuals living with personality disorder, and to avoid/reduce compassion fatigue. The educational resources are aimed at point-of-care team members in all sectors, as well as leadership. They are meant to prompt reflective practice and practical application strategies.
